

***Mission Statement – Master of Health Administration (REVISED Fall 2025)***

Inspired by the Catholic and Mercy tradition of Saint Joseph's College of Maine, the Master of Health Administration program prepares ethical, compassionate, and service-driven leaders committed to promoting the well-being of all. The program equips students with the knowledge, skills, and integrity needed to lead, innovate, and transform healthcare systems with excellence, equity, and accountability.

***Vision Statement – Master of Health Administration (REVISED Fall 2025)***

The Master of Health Administration program at Saint Joseph's College of Maine envisions a future where compassionate, skilled, and ethical leaders drive meaningful change across healthcare systems. Guided by the Catholic and Mercy tradition, our graduates will advance equitable, person-centered care and promote the health and well-being of all communities they serve.
